

ENBDC meeting April 23-25 Weggis, Switzerland Scientific Program

23.4.09 **Friday**

Morning: Arrival at the Hotel

12.00-14.00 Lunch

14.00-15.35 **1st session:**
Bioinformatics/Genomics (Chair: Matt Smalley)

14.00-14.45 **Nuno Barbosa-Morais**
The Illumina Code: are microarrays telling you the whole truth about breast cancer?

14.50-15.35 **Britta Weigelt**
Transcriptomic analysis: fishing with chips then going with the flow

15.35-16.00 Coffee break

16.00-18.15 **2nd session:**
Ex vivo culture models (Chair: Marina Glukhova)

16.00-16.45 **Momo Bentires-Alj**
Ex vivo models for studying breast cancer

16.50-17.35 **Lonne Rennov-Jessen**
Epithelial-stromal interaction in the human breast

17.40-17.55 **Short talk 1: Mike Prater**
18.00-18.15 **Short talk 2: Kelly Soady**

18.15-20.00 Dinner

20.00- First poster session

24.4.09 **Saturday**

9.00-12.00 **3rd session:**
Imaging and isolation of tumor cells (Chair: Momo Bentires-Alj)

09.00-09.45 **Jacco van Rheenen**
Intravital imaging of invasion and metastasis of mammary carcinomas

09.50-10.35 **Christoph Klein**
The search for metastasis founder cells

10.35-11.00 Coffee break

11.00-11.15 **Short talk 3: Rebecca Marlow**

11.20-11.35 **Short talk 4: Laila Ritsma**

11.40-13.30 Lunch

13.30-18.30 Organized activity

18.30-20.00 Dinner

20.00- Second poster session

25.4.2009 Sunday

**9.00-12.00 4th session:
Mouse models (Chair: John Stingl)**

09.00-09.45 **Jos Jonkers**
Generating and analyzing a transgenic mouse

09.50-10.35 **Pentao Liu**
Transposons and forward genetics

10.35-11.00 Coffee break

11.00-11.15 **Short talk 5: Gertraud Orend**

11.20-11.35 **Short talk 6: Marieke van de Ven**

11.40-12.00 General discussion and conclusions

12.00 lunch and departure
